Media One's Alcohol & Wine consumer buyer file is based on actual transactions, opt-ins, and responses. It is further enhanced with real property data records to produce the most accurate and responsive buyer files on the market.

This file contains households who have stated that they set a portion of their budgets aside specifically for the purchase of alcohol or wine.

Each record is confirmed for accuracy and deliverability. As a matter of fact, you'll find that Media One's list hygiene standards are some of the most stringent in the industry.

Your buyer list will be custom created to meet your exact needs with more than **133 demographic, lifestyle, interest and behavior characteristics available.**

We are the source, we aggregate and compile data ourselves on a quarterly basis. NCOA and ECOA is done on output of order.

Examples of our Consumer Buying Selects:

- Apparel •Books & Music •Automobiles •Children's Items
- Computers •Crafts/Sewing •Electronics •Entertainment
- Sporting Equipment •Gourmet Food & Wine •Health/Fitness
- High Ticket Merchandise •Housekeeping/Kitchen/Décor
