Our Date of Birth Database is comprised of accurate date of birth information for consumers in the US. Our Date of Birth file is verified against public records to insure validity.

This file also contains DOB information for Hispanic and African Americans:

	Postal	Email
Hispanic	8,807,006	1,144,888
African American	3,921,651	509,788

This file is ideal for those who seek to target specific age groups for various marketing, political, donation, or advertising campaigns- or for products that require a minimum age validation.

Each record is confirmed for accuracy and deliverability. As a matter of fact, you'll find that Media One's list hygiene standards are some of the most stringent in the industry.

Your list will be custom created to meet your exact needs with more than **133 demographic, lifestyle, interest and behavior characteristics available.**

We are the source, we aggregate and compile data ourselves on a quarterly basis. NCOA and ECOA is done on output of order.
