Our Gamblers Database file is composed of gamblers who have an account with a gaming website and frequently gamble at casinos. These serious gamblers have high interests in the gaming/casino industries. This list is perfect for any online or land based casinos interested in reaching out to their prospects.

These gamblers are motivated to keep up with the latest trends in the gaming industries.

Your list will be custom created to meet your exact needs with more than **133 demographic, lifestyle, interest and behavior characteristics available.**

We are the source, we aggregate and compile data ourselves on a quarterly basis. NCOA and ECOA is done on output of order.
