Media One's Hispanic buyer file is based on actual transactions, opt-ins, and responses. It is further enhanced with real property data records to produce the most accurate and responsive buyer files on the market.

Each record is confirmed for accuracy and deliverability. As a matter of fact, you'll find that Media One's list hygiene standards are some of the most stringent in the industry.

Your buyer list will be custom created to meet your exact needs with more than **133 demographic, lifestyle, interest and behavior characteristics available.**

We are the source, we aggregate and compile data ourselves on a quarterly basis. NCOA and ECOA is done on output of order.

Examples of our Consumer Buying Selects:

- Apparel •Books & Music •Automobiles •Children's Items
- Computers •Crafts/Sewing •Electronics •Entertainment
- Sporting Equipment •Gourmet Food & Wine •Health/Fitness
- High Ticket Merchandise •Housekeeping/Kitchen/Décor
- Magazines •Gardening •Outdoor Recreation •Pets
- Photography •Sports Cards/Collectibles •Stamps/Coins

Most of our clients are repeat customers because they understand what truly deliverable data can do for their business.
